What is the Benazir Bhutto Leadership Program?

ClassACT's purpose is to bring together Harvard-Radcliffe '73 classmates to address important local, national and international issues by initiating change. We are establishing a program to honor our classmate Benazir Bhutto by creating a network of leaders who can bring positive change to troubled parts of the world.

Using the skills and resources of the Class of 1973, working in concert with Harvard's Kennedy School, we are launching the Benazir Bhutto Leadership Program to identify, educate and support promising Fellows, who have a proven and on-going commitment to the principles Bhutto espoused: democracy, equality for women, reconciliation of religious and cultural differences, and education for all. The Leadership Program is comprised of several components: A fellowship at the Harvard Kennedy School, a co-curricular networking program, and an educational outreach initiative.
